

COVID-19 Safety Guidelines

Effective June 2, 2021, our clinic uses these safety requirements and recommendations from WA State Governor Jay Inslee, U.S Centers for Disease Control, State Board of Occupational Health and Safety Administration, and American Medical Association:

Clients and Guests

- **Wear a Mask:** This is a WA State Mandate for Healthcare, EVEN IF VACCINATED.
- **Hand Sanitation:** Use sanitation in lobby before entering therapy room.
- **COVID-19 Health Consent Form:** In lobby for NEW PATIENTS and their guest(s).
- **Cancellations Require 12 Hrs Notice:**
If you are sick, running a fever, have a dry cough-- or you have been knowingly exposed to someone with symptoms of illness within the last 7 days--inform us with at least 12 hours notice to CANCEL your appointment.

Staff:

- **Personal Protective Equipment (PPE):** Masks, gloves, and/or eye protection to be worn daily. Therapists self-screen daily.
- **Disinfecting:** All surfaces and tools in contact with clients are disinfected before use.
- **Hours of Operation:** We have reduced number of appointments to perform proper COVID 19 cleaning.

We are looking forward to seeing you all and are happy to answer any questions you may have about the steps we are taking to keep you, and every Client, safe in our clinic. We truly value your trust and loyalty and look forward to welcoming back our guests, neighbors and friends!
